

MWS - 10

BELT SCALE

EASY ADJUSTABLE BELT SCALE

- ▶ **Accuracy +/- 1%:** According to our recommendations of Installation you will reach 1% accuracy.
- ▶ **Large Capacities:** extensible to suit a very large range of conveyors (belt width from 600 to 1,000 mm).
- ▶ **Easy Installation:** Only 2 holes and 6 screws to install the belt scale on the conveyor.
- ▶ **Low Down Time:** Because of its modularity and ease of implementation, your **DOWN TIME** will be very **SHORT**.
